

Recommendation Letter

January 26, 2009

Dear Madam/Sir

I am writing this letter in support of Mr. Babak Falsafi's job application. I have taught Babak the classical guitar for four years. My time with Babak has shown me that he is an unusually sensitive, creative and kind individual. He is capable of performing on the guitar on a very high level with a beautiful expressive sound. His manner is gentle, serious and somewhat shy. I have enjoyed many thoughtful conversations with him. Please feel free to contact me if you have any further questions.
